CLEGGPROMO

Dear Distributor Partner:

2013 marked another banner year here at CleggPromo. As we move into our 27th year of providing leading edge promotional merchandise, we have some exciting new developments we'd like to share with you.

First, we want to thank our distributor partners for your dedication and support. It is you who have driven us to continually improve and upgrade our entire organization. Once again you have chosen us as a 5 Star ASI Supplier, A+ rating for SAGE, a Distributor Choice Award winner, and a winner in Promo Marketing's Supplier Excellence Awards. We will continue to strive for excellence with you.

For 2014 we have improved our product line to continue to bring you New, Innovative, and Creative ideas. We have included QR codes within the catalog to better demonstrate the functionality and marketability of our products. Scanning the codes is as easy as 1-2-3! Simply download and install any free QR Code Reader from your App Store or Marketplace onto your smartphone or mobile device. Open the app and position your phone so the QR Code is centered in the square displayed in the app. The app will automatically recognize and scan the code and a new window will pop up with the QR information.

Additionally, our video products have been revamped with multiple new options for our patented Video-In-Print technology, while our new video sports balls and video lanyards have been enhanced with new designs.

Our continued commitment to safety remains one of our top priorities for 2014. Our products are in compliance with the European RoHS directive, reducing environmental impact by restricting hazardous substances. Although most of our products are intended to be used solely by adults as promotional merchandise, CleggPromo offers a limited number of products tested for children. Please review page 105 of this Catalog for additional information.

We're also excited to introduce a wide range of great new products in this Catalog:

TECHNOLOGY:
- Mobile tech accessories
- Power bank and USB Chargers
- Sharper Beats speakers and ear buds
- Media Hub and other tech desk accessories
- Protection Sleeves for mobile devices

- Environmentally friendly Teslin® loyalty cards

CUSTOM PRODUCTS:
- Cool, totally custom and very unique

In the coming year we will continue to strive in every area of service, and do our part to develop the kind of relationship with you that brings mutual benefits and maximum sales. We look forward to serving our long-time customers, welcoming new partners and, together, building a profitable, long-lasting relationship in 2014 and beyond.

Cheers!

Michael Bistocchi,
Sr. Vice President, Sales & Marketing

Custom Pop-Up Sound Cards

Enhance Your Custom Sound Card With Motion

Create a Pop-Up Sound Card to make an impact on any project, product annoucement, professional, personal or Holiday message!

Ordering is as Easy as 1-2-3:

1. Provide your own custom 10-second sound message, or select from our extensive Library of Sounds (pg.106). Visit www.cleggpromo.com to preview the samples from our selection.

2. We furnish the front, inside left (or top), inside right (or bottom) and back template for your card. Just drop in your art and send back. You have four large panels of the card to work with - a huge billboard for the printed portion of your message.

3. We send you a digital approval proof of the finished art design with your 10-second custom sound.

Sound Presentation Folders

Big and Powerful

Sound Presentation Folder

No snoozing around the boardroom table when an important report is housed in the SOUND PRESENTATION FOLDER. We create a custom folder, built to your physical specifications and print requirements, then add the extra, magic ingredient of CUSTOM SOUND. You select the content and length of the sound message. We do the rest.

The MILWAUKEE BREWERS challenged us to create a SOUND PRESENTATION FOLDER, that would deliver important information to season ticket holders about the upcoming season. This folder hit a grand slam with recipients.

Please contact your account manager for details.

Make your Magazine Ad talk, sing or sound off!

Sound Magazine Insert

Add impact and excitement to your magazine advertisement with the POWER OF SOUND. Working with you, your client and the magazine publisher, we will deliver a dynamic, unique and unforgettable sight and sound message bound directly into the magazine.

VERIZON chose J. Ivy to tell its story with an inspirational 20-second custom sound message. An interactive “Push Here” invites the reader to see...and hear...the advertiser’s important message. The result is a story the reader is not likely to forget. The most typical reaction was…“Wow!”

Please contact your account manager for details. Clegg patented sound magazine insert: US Patent Nos. 7,780,588 & 7,240,442.

Wind Up Clegg Bots

They're Movers...They're Shakers

442021 Red Racer | 442001 White Shadow | 442040 Green Go Go | 442032 Blue Blazer | 442070-S Silver Shaker
Additional Cost, $0.60(R)

Mix & Match Bots & Discs

Wind up the Clegg Bot and marvel as it launches into an energetic dance routine, bending its arms, flexing its knees and simultaneously spinning the Logo Disc. Put your customers' brand in motion, and have them chuckling in amusement-all for an easy.on.the.budget, price.

The Clegg Bot is decorated by imprinting the 13/16" dia. logo disc up to 5/8" dia. imprint. We attach your printed disc to the Clegg Bot's tummy, and then it's ready to "rock & roll".

Disc Color Options:

#442132 Blue | #442155 Black | #442101 White

#442121 Red | #442170 Silver

Wind Up Clegg Bots

Wind Them Up and Watch Them Boogie

442055 Black Knight | 442038 Sub-Lime | 442028 Cool Blue | 442008 Yellow Fellow | 442019 Pink-A-Boo

MOVA Globes

You've Got The Whole World On Your Desk

MOVA® Products unite high tech concepts with high-end design to create a knowledge product that is as intriguing as it is beautiful imaging.

The MOVA® Globe turns peacefully on its own, using only the energy of room light and the forces of Earth's magnetic field to simulate perpetual motion. Each globe turns autonomously, whether on a stand or in the palm of your hand.
MOVA® Products are the first and only solar-powered item to have the solar panels hidden from view. Beneath the detailed graphic, the solar cell technology silently and calmly rotates the globe to reflect the steady motion of Earth.
No batteries or power cords required.
MOVA® Globes come in 3 sizes: 4.5", 6" and 8.5" diameters.
All MOVA® Globes can be customized and make great corporate gifts and awards. Examples of custom items include:

- Globes with corporate logos
- Engraved bases
- Globes displaying photo collage
- Customer-created designs

The 4.5", 6" & 8.5" MOVA globes are the perfect executive gifts! Gently placed on an elegant acrylic base, it spins using solar energy and force from the earth's magnetic field.

Prices
All prices shown in this catalog are FOB factory: Los Angeles, California, and are subject to change without notice. For current pricing please visit www.CLEGGPROMO.COM

Terms:
Net 30 from date of invoice on pre-approved accounts. Larger orders may require 50% deposit. Credit Card payment limited to orders less than $10K.

Less Than Minimum Charge:
The absolute less than minimum is one half the first column quantity $65(V).

Unders/Overs:
The factory reserves the right to ship over or under up to 5% and invoice the exact amount.

How to Send Orders:
Orders must be mailed, e-mailed or faxed. Phone/verbal orders are not accepted.
Factory is not responsible for errors submitted on purchase order.

Drop Shipments:
Please submit a shipment list with labels (and zip codes) with order, or 5 days prior to ship date.

Shipping, UPS/FedEx:
Ground, FOB factory: Los Angeles, California. Alternative shipping methods must be confirmed in writing or submitted by fax.

Shipping weights:
All shipping weights listed are approximate.

Blank Goods:
Use next column pricing.

Self-promotions:
All Self-Promotions are EQP less 10% with your distributor logo (MOQ please). Excludes custom sound cards, Custom paper products and Video products. Hard goods only.

Cancellations:
All cancellations must be confirmed in writing and are subject to all costs incurred.

Batteries:
All battery-powered products are shipped with batteries, except USB Lamp.

Ink Color:
All pens equipped with ballpoint black ink.

Artwork:
Electronic Art: Send to, art@cleggpromo.com. Electronic art must include your company name, contact person and phone number. Please put your P.O. # in the subject field.
Camera Ready Art: Black and white laser printed art at a minimum of 600 dpi is acceptable.

Preferred Software:
The preferred format is Adobe Illustrator. We also use Adobe PhotoShop, InDesign and Quark XPress. Feel free to contact us if you would like to submit a file in another format.

Six Month Shelf Life:
All electronic products have a certain “shelf life” - a time within which the product should work according to spec. While most products still function after the expiration of the shelf life, the reliability of that product cannot be guaranteed. As such, it is the responsibility of our distributors to be sure that all electronic products purchased from Clegg are placed in the field within six months of our ship date. Clegg cannot take any responsibility for product in the field after this shelf life period.

Printed Paper Products SHIP IN (Catalog Quantities):

Stock Printed Products: 5-7 working days
Custom Digital Printing: 7-10 working days from art approval
Custom Offset Printing: 10-15 working days from art approval
Custom Mailing Tubes: 15 working days from art approval
Note: Rush delivery not available on custom-printed paper products

Pad, Silk Screen & Laser Products SHIP IN (Catalog Quantities):

Standard Delivery: 5-7 working days from art approval
3-Day Rush: 3 working days from art approval, 15% premium
1-Day Rush: 1 working day from art approval, 25% premium

Returns & Claims:

If you wish to return any stock (un-imprinted) merchandise, you must contact us within 10 days of receipt of goods to obtain a Return Merchandise Authorization Number (RMA). We will accept returns of unused un-imprinted merchandise that are accompanied with a RMA, and will refund your purchase price subject to a 15% re-stocking charge. We do not accept returns of custom orders unless the merchandise was non-conforming.
Cleggpromo endeavors to ship only conforming merchandise. But if you receive non-conforming merchandise – if the merchandise is damaged, misprinted or defective – you must contact us within 30 days of the date of the invoice to let us know that you received non-conforming goods and to get a RMA. Once you return the merchandise to us with a RMA, we will determine whether the merchandise is actually non-conforming. If the merchandise is non-conforming, then CleggPromo will, in its sole discretion, either give you a credit in the full amount of the invoice or repair/replace the non-conforming goods.
THIS WARRANTY IS THE EXCLUSIVE REMEDY AVAILABLE TO ALL CUSTOMERS. TO THE EXTENT ALLOWED BY LAW, ALL OTHER WARRANTIES ARE HEREBY DISCLAIMED. CLEGGPROMO SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM OR RELATED TO THE USE OF ANY PRODUCT.

Ordering Custom Products

Placing Orders:

All orders, and all changes to orders, must be submitted in writing (mail, fax, and email).

Packaging:

Any special packaging requirements must be confirmed in writing on your purchase order.

Production Time:

Begins upon receipt of purchase order and art approval. Contact factory for additional information and rush services that are available.

Returns & Claims:

The right to give credit, repair, or replace any product returned, according to instructions given, when RMA is assigned and confirmed to be defective. Clegg shall not be liable for any incidental or consequential damages resulting from any alleged breach or failing of Clegg.

Art Charges:

If the artwork requires revisions, an alteration fee of $60 (v) per hour will be applied. You will be notified of any additional art charges before work proceeds. We will make every attempt to deliver on original in-hand dates.

Matchprint/Proof:

Should you require an actual color proof for our offset printed products, we will provide a matchprint proof to show accurate colors, size and position. Please check the matchprint for accurate positioning of all elements, and submit written approval and/or revisions with the return of the matchprint.
See specific product for pricing.

Sound Studio:

Take advantage of Clegg's sound studio and voice over talent. To create your own custom sound or message: $250 (z) per hour. See page 104 for instructions on submitting custom sound.

Overruns/Underruns:

While we attempt to ship exact quantities, we reserve the right to ship 5% over or under.

General Information

Submitting Custom Artwork

The trigger mechanisms of our light, sound and voice modules are very sensitive. It is extremely important that the die lines are followed exactly when setting up artwork. Countless custom sound and light products have been produced in many sizes and shapes. Templates for all jobs are available to you via e-mail, FTP, or on disk (for the cost of shipping). If you are planning to supply us with film or printed pieces, it is essential that you precisely follow the supplied template. We recommend that you allow us to "pre-flight" your files before having film output, to be sure that everything will align properly on the finished piece.

If you are unable to send files via E-mail or FTP, we can accept files in the following media: CD and DVD.

We use the following software (feel free to contact us if you would like to submit a file in another format): Adobe Illustrator, InDesign, Macromedia FreeHand, Adobe PhotoShop and QuarkXPress.

When submitting art in QuarkXPress, please be sure that our provided Illustrator template is used for all die-lines.

• When submitting artwork, please include everything necessary to output the file, including all printer and screen fonts or outlined fonts and be sure that any and all images are embedded into your artwork document. It is also extremely important that we know how many colors you would like to use on the printed piece, and whether it is spot or process color. If you are going to submit spot color artwork, be sure that the artwork does not have any gradient colors in it.

We strongly suggest submitting all artwork in a vector format via Adobe Illustrator or similar applications.

If submitting a JPEG for pad printing, be sure that it is a one color image with adequate dpi (dots per inch). 72 dpi images will not print properly and delays can occur when artwork is not submitted correctly.

If you are uncertain about any of these issues, please feel free to contact our Art Department.

• When e-mailing your art please state the PO# in the subject line.

• Although most files are submitted digitally, you may also submit camera-ready art, which is usually provided on Linotronic paper, Veloxes, or PMTs from a camera. Please be sure that the art is correctly sized and that the colors are properly separated and labeled.

• Inkjet and laser prints, faxes, or files taken from web sites generally do not have sufficient resolution to be used as camera-ready art for offset printing. If this is all that is available to you, contact us and we may be able to recreate your artwork for a reasonable price.

• If you need to have images scanned, our flatbed scanners are usually adequate. If color reproduction is critical, however, we can have high-resolution scans done for you.

• In order for you to proof your job before we go to print, we can provide a mock-up that shows placement and functionality. For four-color process or color-sensitive jobs, we highly recommend that you allow us to provide a matchprint for your approval, since a mockup is strictly for approval of art placement, not color. Please let us know what type of proof you would like to see before we print your job and your rep will quote accordingly.

• Most sound cards are printed on one side only & folded to enclose the sound module.

Send Art to: art@cleggpromo.com

Submitting Custom Sound

Our standard custom voice chips have a ten second recording capacity. Submissions should be ten seconds or less. For custom recorded sound we suggest the following submission guidelines:

• Sound may be supplied on any of the following audio types: CD, WAV file, Aiff, Au, Voc, or MP3.

• For best results, recording level should be between –6db and +3db.

• Please supply only one message per media type supplied. Example: if supplying three different recorded messages, please submit on three different CDs.

• Acceptable Media Support Files: We use Windows PCs for editing and programming.

• FTP Transfers: If your sound file is located on an FTP site, please supply us with the specific site address and password.

Send Sound to: art@cleggpromo.com

Mailing Tips Regarding U.S. Postal Regulations: Sound Cards

1. For first-class single piece mailings using our standard white envelopes, we recommend the use of a postage meter instead of first-class stamps. By using a meter, the cards are likely to bypass the stamp cancelling machine process, thus avoiding potential damage to the cards. Our cards have "Please Hand Cancel" on envelope.

2. Using our standard white envelopes, first-class single piece mailings for all simple sound effects cards may require extra postage.

3. Using our standard white envelopes, first-class single piece mailings for all Fully Orchestrated Sound Effects Cards may require additional postage depending on the number of business cards inserted into the holder and the weight of your mailing label. Single piece mailings, exceeding one ounce, will require additional postage.

A surcharge may apply if your local Post Office determines that the card exceeds 1/4" thickness. Once again, consult your local Post Office.

4. For extra protection from bending or rough handling, we recommend the use of our "Sound Card Mailing Cartons". These Cartons are made from an attractive white corrugated material, and will retain their shape and rigidity throughout the entire mailing process. They come in two standard sizes to accommodate our entire line of sound cards. Using our ABC Mailing Cartons, virtually all of our sound cards can be mailed as first-class single piece mailings. Larger cards will require more postage

AB Mailer $ 0.65(v)
CD Mailer $ 0.95(v)

General Requirements & Safety-Related Information

U.S. Customs Copyrights Compliance:

For all overseas production which includes an imprinted copyrighted corporate logo or message, U.S. Customs requires an "authorization to release" letter upon submission of purchase order and prior to final delivery.

1. End user to provide authorization on company letterhead.
2. Letter must specify the logo or message, quantity and arrival date.
3. Clegg customer service will contact you with any other requirements.

Suitability of Products, Safety and Limitation on Warranties:

In general, CleggPromo products are intended to be used solely by adults as promotional products that are sold through a business to business channel. Most of CleggPromo's products have not been tested for any particular use other than as promotional products to be used by adults. Certain uses, including any children's promotions or promotions involving food, will require additional environmental or safety testing. If your promotion is intended for children or relates to food, please notify your CleggPromo Rep so we can review costs and lead times for further testing. For promotions directed specifically to children, CleggPromo offers a limited number of products that have been tested as children's toys (not as children's jewelry) as appropriate under federal regulations including ASTM F963: bounce pens (pp 64-65), bracelets (pp 36-39), light up necklaces (pp 40-41), strobes (pp 51), lighted safety wand (pp 50), yoyos (pp 44-45), balls (pp 46-47), wind-up toys (pp 58-60), and Tangle Jr (pp 61). Please check www.cleggpromo.com for additional safety information.

DETERMINATION OF SUITABILITY OF OUR PRODUCT FOR THE INTENDED USE IS YOUR SOLE RESPONSIBILITY.

U.S. Printing:

The vast majority of our orders are printed at our factory in Gardena, California. The inks and paints we use are made in the U.S. and are tested for compliance with all applicable Federal and State regulations, including for lead, cadmium, and phthalate contents.

Testing Facilities:

CLEGGPROMO has strong working relationships with several third-party laboratories that are fully accredited by the U.S. Consumer Product Safety Commission. Full product evaluations, including regulatory verification and custom test protocols, are available upon customer request. Pricing and lead-time will be confirmed on a case-by-case basis.

California Proposition 65:

CLEGGPROMO is committed to providing our customers with high quality, safe products that meet all applicable regulatory requirements as enforced by the U.S. Food and Drug Administration, the Consumer Product Safety Commission, and the Federal Communications Commission.

California also subjects products to Proposition 65, known as the "Safe Drinking Water and Toxic Enforcement Act of 1986." Proposition 65 requires the State of California to publish a list of chemicals known to cause cancer or birth defects or other reproductive harm. As of 2014, over 850 chemicals are on the list. CLEGGPROMO does not test for all chemicals on the list.

Under Proposition 65, businesses like CLEGGPROMO are required to provide a clear and reasonable warning before knowingly and intentionally exposing anyone to a listed chemical, unless the exposure the business causes is so low as to create no significant risk of cancer or birth defects or other reproductive harm. It is possible, but unlikely, that CLEGGPROMO is unknowingly exposing its customers to a Proposition 65 listed chemical.

At your request, a warning label can be added that reads "WARNING: This product contains chemicals known to the state of California to cause cancer, birth defects or other reproductive harm." Please advise your CLEGGPROMO account manager if such a label is required for a specific order.

Arbitration:

Any dispute or claim between the parties hereto in any way related to or arising out of this Agreement or this project, shall upon the written request of one party served on the other, be submitted to arbitration, and such arbitration shall comply with and be governed by the provisions of California Code of Civil Procedure Sections 1282 through 1294.2. Costs and Attorneys' Fees: In the event of any dispute, with respect to the terms of this Agreement, the prevailing party shall be entitled to all of its costs and attorneys' fees (including arbitrators' fees, reasonable attorneys' fees and expert witnesses' fees, if any) in resolving the dispute.

Licensed Property:

Clegg has not sought clearance for any custom art, music or sound in connection with this project. As the supplier, Clegg requires that you have obtained all of the appropriate rights for the project.

Copyright & Trademark:

The artwork, designs, and trademarks imprinted on the products displayed herein are reproduced only as examples of the type and quality of imprinted products available. They are not intended to represent that the products are either endorsed by or produced for the owners of the artwork, designs, or trademarks. All copyright and trademark names identified are the properties of the companies that own them. No intent to infringe on any copyrights and trademarks has been made in this catalog. They are presented solely for the education of the reader.
